# SIPP TRANSACTIONAL Fee Schedule

May 2026

# Overview

There are two options under the Alltrust SIPP and these are:

OASIS SIPP;

Alltrust Full SIPP

This Fee Card shows the Transactional Fees ie the fees for anything other than establishing the SIPP, annual fees or Property Fees. This should be read in conjunction with our Product Fee Card and Property Fee Card for further details on those fees that we charge.

As well as our Fee Cards you should also read our Key Features Document, Terms & Conditions and Permitted Investment List so that you can obtain a full overview of the SIPPs offered.

This document sets out our fees for completing any transactional requirements within your Alltrust SIPP. Its purpose is to enable you to be clear about the costs you may incur for the services you require.

All fees are subject to Value Added Tax (VAT) for UK-based members.

## Additional notes and important information

Alltrust requires members to obtain regulated financial advice for certain pension transactions, including but not limited to benefit crystallisation, the transfer of pensions into or out of your Alltrust pension, and the transfer or purchase of non-standard investments, unless the member has been formally assessed and accepted as a Knowledgeable Investor by Alltrust.

Where advice is required, it must be provided by a suitably qualified and regulated financial adviser. That adviser must have a signed agreement with us, except in the case of transfers out, where they must simply hold the appropriate regulatory permissions. This requirement is in place to ensure decisions are made in the best interests of our members and in line with regulatory expectations.

Alltrust reserves the right to decline any instruction that does not meet this requirement.

If you are unsure whether advice is required for your specific request, please contact us before proceeding.
